OFFICE NOTE.

Subject.
Repairs to the Chattram at Krishnarajpet

LAST REFERENCE:—

Letter No. 78 dated 5 September 1904 from the Deputy Commr Mysore Dt:—

The Dy Commr submits as Estimate for Rs 475/- for repairing the Chattram and the Assistant commissioner who inspected the building reports that the repairs are of a very urgent nature and that they are not attended to at once the building would come down during the rainy season - As for the funds for meeting the cost of the repairs it was observed in this office Docket No 4021 dt 28 June 1904 that it was not desirable to stop the

feeding in the Chattram Division to accumulate funds for the repairs – There are only a sum of Rs 85-3-1 available at the credit of the Institution as per Treasury Officer's Certificate while the Amildar mentions Rs 434-12-6 as being available –

The Estimate may be sanctioned as the Asst Commr says in his report that there might probably be no necessity for any additional ground and that the work might be completed within the amount available viz Rs 434-12-6.

(Note Continued)

In Pro: no 1360-1 dy 5th October 1904 the Estimate for Rs 475/- (Muzt 119-92) was sanctioned under the Dewan's orders, the question of allotment of funds being reserved until after the receipt of certain explanation called regarding the correct amount of Savings available at the credit of the Institution. The Comptroller who was requested to report the correct amount at the credit of the Institution states that the institutional balances have not been verified and for want of a hand to complete the work.

The Dy Comm submits 2 measurement Bills for Rs 453-15-1 & Rs 113/- & a Supplemental Estimate for Rs 113-4 Reports that according to the Amildar's report a Sum of Rs 498-15-6 was available at the

Sir,

With reference to your docket No. 218-8 dated 28th January 1904 regarding the repair of Trina Chattram at Krishna-rajpet, I have the honor to submit here-with the entire correspondence ending with the Yadi No. 376/617 dated 24th May 1904 from the Assistant Commissioner in charge of the Krishnarajpet Division. The inspection Memo drawn up by the Assistant Commissioner clearly shews that the repairs executed in previous years were in the shape of shifting tiles and such other petty works.

The Assistant Commissioner now says that the repairs detailed in the estimate are very necessary and urgent and he has

explained his reasons therefor. He has now submitted an estimate for Rs. 650/. The difference between this and the one which was returned with your above letter is owing to the additional item of repair now deemed necessary. I agree with the Assistant Commissioner and request that the revised estimate for Rs. 650/ may be kindly sanctioned. A sum of Rs. 425-9-6 is reported to be at the credit of the electric. The balance of the estimate 224-6-6 is proposed to be met from stopping the feeding until the required amount is made up. This will at most be for six months.

Sir,

As called for in your docket No 4021 dated 28th June 1904, I have the honor to submit herewith a revised estimate for Rs 475/- for repairing the Anna chattram at Kushmarajpet.

The Divisional officer reports that such works as require urgent repairs only are mentioned in the revised estimate and that if these works are not attended to at once the building would come down during the raining season.

The sum of Rs 434-12-6 is reported to have been at the credit of the chattram.

I therefore request that Government may be pleased to accord their sanction at an early date to utilize the amount now at the credit of the chattram and to pay the balance of the estimated amount viz Rs 40-3-6 from the state fund.

I may bring to your notice the fact that while the Amildar mentions Rs 434-12-6 as being at the credit of the chattram, the Treasury officer gives Rs 85-3-1 only as being at the credit of the chattram. The correspondence is herewith submitted.

Report to accompany the Estimate for repairing the Anna Chuttram at Krishnarayapet

This building is of Muzroi Institution used for feeding poor brahmin travellers - It is used by high caste hindoos also for camping during their journeys. It being situated in a place where four roads communicating with important towns meet, the building is more frequented and busily occupied than some, elsewhere - Its importance is further enhanced by being the only building available at the town for the purpose of temporary lodging

2. Its condition at present is very unsatisfactory and threatens to collapse if not promptly attended to.

3 On the request of the Amildar to the undersigned, to inspect the building and furnish him with an estimate of its repairs, as he is not given such an Engineering staff in whose estimating he can lay confidence in the present condition of the building, the enclosed plan and estimate have been got up by the undersigned.

4 A brief explanation of the repairs required is given below:-

I The whole building (except

y, requires shifting & with
necessary reepers and new tiles &c

II The concrete flooring is all
patched up and must be repaired or
otherwise redone as needful.

III All the walls of the building
are of mud and of them the wall A B
having lost its plumb and B C being
waterworn from exposure to rain, require
stone or mud buttresses for their stabi-
-lity. Their reconstruction may be
better but fund is wanting.

IV The other items are minor
and call for no remarks.

When repairs are carried out
the following precautions may generally be necessary-

I Rs 2/- per sq is provided to
shifting tiles with required new
reepers old tiles and chunam
borders. Shifting tiles itself may
not cost more than 1-10-0 per sq. The
rest of the rate must go to cover the
cost of new reepers and chunam. It is
safe to have them first collected,
measured and then cost fixed before
used

be collected before old tiles are dis-
-mantled, counted and paid. They should
not be mixed up with old tiles and
used but laid in one portion of the roof
for subsequent checking and after old
tiles are exhausted in roofing.

III In stone in mud walls chi,
should very sparingly be used and
stones must be well shaped and good
sized.

IV Before concrete is mixed
and used, in the proportion of 2 of jelly
to 1 of mortar, the jelly should be first
washed in water, heaped and measured
to afford no chances for cheating.

V On lumpsum provisions
for minor items (to estimate for which
in detail now is difficult) payment
may be made on actual requisi-
-ments during execution. ——

beam &c&c, had to be done, and
request that Sanction might be
kindly accorded for the Supplemental
Estimate amounting to Rs: 113/- herewith
submitted.
2. As the Supplemental Estimate for Rs
113/- is reported to have been necessary,
and, as a completion bill for Rs. 566-15-,
has been submitted (vide Krishnarajpet
Division Assistant Commissioner's Yadi
No $\frac{83}{19}$ dated 30th June 1905 herewith
sent), I would request the favor of
Government Sanction being accorded
for the said Supplemental Estimate and
the two abstract measurement bills
(one for 453-15-1 and the other for
Rs 113-00) and the Completion bill for
Rs 566-15-1 be kindly countersigned
and transmitted to the Comptroller,
Mysore Government for favor of
audit and return.
3. From the Krishnarajpet Taluq
Amildar's report No. 241 dated 24th
June 1905 received with the Divisional
officer's Yadi No. $\frac{83}{19}$ of 30th June

a sum of Rs. 498-15-6 is reported to have been available at the Credit of the institution on 30-6-1905.

4. The measurement book is also herewith submitted for reference and kind return.

To

The Deputy Commissioner

Sir,

When I visited Krishnarajpet in April last, I observed that portions of the Govt Dharmashala known at the place had been damaged and that a portion of the western wall thereof had fallen down, though the Chattram building was repaired only a few years ago at a cost of Rs 566-15-. The Amildar Mr Rajagopalachar told me that he had submitted a small estimate for Rs 47/- for repairing the

damaged portions, but that
unless 10 ft of the adjoining
house belonging to one Ranjandayya
of the Genl & Rev. Secretariat,
Bangalore, is acquired and
a lane opened out for drainage,
the western wall would get
damaged again and again

In these circs I am directed
to request that the needful arrangements
~~request the favour of your opinion~~
may be made in consultation with the
owner of the neighbouring house and the result reported
~~in the matter and to be informed~~
I am further to request the favour of being informed
of the approximate cost of the
arrangements proposed, and of the
~~acquisitions, and of the exact~~
amount of savings at the
credit of the Chatram.

2. The favor of an early
reply is requested.
